Subject: West Lake Landfill: draft responses to latest CAG question batch

CAG questions received via Terrie Boguski's e-mail of July 10.

Draft responses on H:, West Lake Schedule Tracker, Community-MCE-EJ correspondence etc, CAG, filename "Questions for EPA and ATSDR_071014.docx". I have marked a couple of these responses that in particular need CNSL review.

One question asks for specific information about the BMAC sampling presentation; need to make sure Todd and others are ready to provide it.

Principles and integrity are expensive, but they are among the very few things worth having.
